Dear Customers:

DLA Finance has advised DLA Disposition Services that the US Department of Treasury, Financial Management Service (FMS) has released policy statement A-2012-2 to announce upcoming changes pertaining to limitations on credit and debit card transactions.

Therefore, we are advising our sales customers of the policy changes regarding credit card payment limitations that will be effective on **June 30, 2012**. The new policy lowers the maximum dollar amount allowed for a credit card transaction to \$49,999.

Large dollar card transactions are costlier for the Federal Government than small dollar transactions. We incur a variety of fees for each transaction, the largest of which is an interchange fee based on a percentage of the dollar value of the transaction. Paying high fees for accepting credit card transactions is not in the Federal Government's best interest.

Agencies may not split individual transaction greater than \$49,999 into two or more transactions over one or multiple days. Splitting a transaction violates the credit card network and FMS rules. For a customer that attempts multiple transactions on the same day with the same credit card, those transactions that cause the total charge to exceed the limit of \$49,999 will be rejected.

This policy also eliminates the maximum dollar amount for debit card transactions. Therefore, DLA Finance will accept and process VISA/MasterCard branded Debit card for payments. Other acceptable forms of payments are cash, certified check, cashier's check, travelers check, bank draft, or money order.

Currently our DLA Finance is working with both the FMS and the Card Acquiring Service to see if any alternatives are available for our public sale buyers. In the meantime, the above policy will be implemented effective on **June 30, 2012** for the credit card transaction limitation to \$49,999.
